

“By-The-Stateroom” Chartering!

Join the Bellingham to the Broughton Islands Flotilla!

Beauty and grandeur around every corner, the delights of cruising the waters and islands of Desolation Sound and the Broughton Islands Group are many and memorable. If you do not have sufficient experience or enough crew to join the flotilla on your own chartered boat, or if you simply welcome the opportunity to meet new people while cruising, then by-the-stateroom chartering for one or more of the legs is an excellent option for you! Depending on your skill level and/or what you learn aboard, you will be welcome to participate (as the skipper deems prudent) in the operation of your vessel. Or, sit back, relax, and let the skipper handle everything!
