

Wind Song Inventory By Location

(See also, alphabetical inventory and list of engine maintenance supplies, general spares and tools)

Note: Emergency signaling devices are stored in a plastic container under the Nav Station settee. There is an electric signaling device (Coast Guard approved) and a pistol light with an SOS mode in the forward cabinet above the Nav Station. Wind Song also carries a portable VHF radio.

Tools and most maintenance supplies are stored under the forward settee; oil and coolant are stored in the settee in the Nav Station

Kitchen
